

Public Speaking – LEGO Edition

Lets Make Public Speaking Fun!

Challenge: Create a LEGO Masterpiece! Use your imagination and engineer something amazing. There are no limitations or restrictions on the number of LEGO pieces used. You can even have help with the build as you are primarily being judged on your speaking ability.

The goal of this competition is for youth to have fun building their LEGO Masterpiece and then be able to give a speech about it comfortably since they will be talking about a positive, fun experience.

The score sheet with the judging criteria is below. The length of the speech should be 3-5 minutes.

To register, go to the following link to complete a brief survey, go.osu.edu/speakingcontest. Judging will take place June 12 at 6:00 PM at the AgCredit Building Conference Room.

Questions? Contact Amanda Staley, staley.35@osu.edu or 419.947.1070.
