### 4-H Cloverbud Fun Day

By Amanda Forquer, 4-H Educator

The first ever 4-H Cloverbud Fun Day was a day full of fun, laughter, discovery, and making new friends. 4-H Cloverbuds ages 5-8 experienced activities much like those of their older siblings or friends that attend traditional 4-H camp each summer.

Perhaps the most cheers and giggles came during the water games as youth filled their sponges full of water and raced to buckets or cups to fill them up faster than the other team. Our teen volunteer Kelsey was a good sport and even let them fill the cup up while holding it over her head. They LOVED getting her WET with all that water!

Youth were tasked with making their very

own solar oven that they cooked their own ooey, gooey s'mores that they got to eat as part of their snacks. This same solar oven they made could even be used to cook cheesy nachos!

Target practice! Youth learned about rockets and made paper rockets to shoot and do their best to hit a target. Crafts are always an important part of any camp experience. Campers made colorful bugs that would light-up.

Let's not forget the singing and dancing. We finished the day with our traditional camp songs and dances and sent our Cloverbuds home with smiles on their faces.

A good time was had by all at 4-H Cloverbud Fun Day and we are looking forward to another amazing Fun Day in 2019!

## 4-H Career Exploration Workshop

Saturday,  
September 22, 2018

We will be exploring the careers of:

- 911 Dispatcher
- EMT and Paramedic
- Firefighter
- Ohio Highway Patrol
- Law Enforcement

For more information and for registration materials, go to [www.go.osu.edu/stemworkshops](http://www.go.osu.edu/stemworkshops)

Water games!

Crafts!

Monday - Friday from 9:00 am-Noon or 1:00-4:30 pm.

Tickets are  
\$7.00 each

# 4-H NEWS

## 4-H General Information

### From the Junior Fair Office

#### News from Julie Logan

Busy, Busy, Busy! As I write this, people are in and out of the office, noises though out the fair grounds and fair hasn't even started yet! This will go to print when your household will be in full swing for fair and then it will be here and gone. People ask if I'm glad when fair ends - the quiet is deafening for the rest of the week. I would like to thank ALL those who help make fair possible. It is definitely NOT a one man/woman show!!

Reminders to think about:

ALL Market projects that go through the sale ring will need to turn a Thank You in for the buyer. It is recommended that they be turned in by the end of September. You have to turn them in before your sale check is released. Sale checks are usually ready to release at the end of the first Full week of October. This allows the buyers checks to be processed before the exhibitor's checks are released. Thank you notes should be turned in at the Junior Fair Office or the Extension Office. If no one is at the fair office you may put them in the secure black mail box outside the Youth Building. It is located to the right of the door that has Youth Building above it. The envelope should be addressed to the buyer and under the exhibitor's name they should list the specie they sold. Example is shown below.

J Logan  
6891 Twp Rd 45  
Mansfield, Ohio 44904  
Swine

Stamp

Buyer's Name  
7691 Co Rd 57  
Galion, Ohio 44833

Fair checks need to be cashed within 90 days of them being written. If you go past this date exhibitor will have to have check reissued which incurs a fee. If you choose to put the uncashed check in a 6 month CD at Farmers Citizen Bank in Cardington the exhibitor and their organization will receive a bonus from the bank. A program worth checking into!

Premiums will be released in October also. These may be picked up by club advisor or exhibitor or exhibitor's representative. Check with your club to see what the policy is for your club.

We wish you all a good fair and fall!!

### 4-H Science Field Trip to The Wilds!

We had another successful 4-H Science Field Trip! This time we traveled to The Wilds and learned about the conservation research they are doing for endangered species. We took behind the scenes tours of the Eastern Hellbender facility and Southern White Rhino facility and talked with the keepers and researchers of these animals.

Youth even learned how to survive if they were ever lost in the woods. They worked in teams to build shelters that would keep them safe from "an approaching storm." Participants loved being outside, learned a lot about the animals, made new friends and had a lot of fun!

Favorite quote of the day: "This was way better than being at home all day playing on the iPad!"

The youth's shelter was tested by a staff member as he threw a log at the shelter to see if it would withstand the hit. It was determined that the shelter was very well built!

### Record Numbers at 4-H Camp!!

On June 9-13th, Morrow County 4-H held their annual 4-H camp and broke records! According to Anthony Imbody, 4-H Camp Ohio Executive Director, Morrow County had the largest 4-H camp in history and which was also the largest Morrow County 4-H has ever

taken as well.  
The Numbers:  
295 Total:  
228 Campers  
57 Camp Counselors  
10 Adults
